## Jacqueline Reyes, it's been 222 Days

The family of Jacqueline Reyes is appealing to the community of Palm Beach Florida to help in the search for Jacqueline Reyes who has been missing since June 1<sup>st</sup>. Jacqueline Reyes left her aunt's home in the 4100 block of South Shady Lane in Boynton with her laptop and a book bag.

"We're encouraging people to print Jacqueline Reyes poster and display it in as many different places as possible, including at their workplace, on their car window even at bus stops," said the CEO of The Dock Ellis Foundation.

"We hope that if law enforcement sees the dedication from her family and social media. They will realize something is wrong and our girls, minority girls matter too"

The 30-year-old disappeared and has not made any contact with her family or friends. This is not normal behavior; Jacqueline Reyes is a flourishing model who went to reconnect with family in Florida.
